What is Weatherization?

The Weatherization Assistance Program is the nation's LARGEST residential energy efficiency program. Very simply, weatherization improves heating efficiency and fuel savings by ensuring your home holds in heat and air conditioning, while keeping hot and cold air out. At NO CHARGE to the client, income eligible families receive a comprehensive home assessment which may include repair or replacement of heating systems, insulation and caulking.

What measures are included?

Weatherization may include:

- Sealing of drafts and air leaks, caulking doors and windows, weatherstripping
- Testing, cleaning and repairs of heating and cooling systems and water heaters
- Adding insulation to ceiling, walls, floors and foundations.
- Lighting, refrigerator, fan upgrades

Who does the work?

Local service providers supply quality work performed by skilled personnel. Some providers use their own crews. Others hire local private contractors.

Who is Eligible?

Eligibility is based on household income relative to federal low-income guidelines. If a household contains a member who received one of the following:

- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)
- LIEHAP Utility Assistance Benefits

The applicant is automatically eligible for weatherization services. Certain restrictions to apply

What is the Process?

1. Submit an application to our offices
2. Undergo a home energy audit to identify specific needs
3. Complete the weatherization of the home
4. Conduct a post-weatherization inspection to assure quality
